G) ACCOUNTING and SETTLEMENT PROCEDURES

The form of payment must be agreed in writing by the parties before the date of the flight.

- a) Payments must be made by credit card before the departure of their aircraft and must be referred to all services received, in accordance with the invoice issued by Aeroporto Friuli Venezia Giulia S.p.A..
- b) For payments in foreign currency, the equivalent amount in EURO (EUR) will be calculated on the basis of the official daily rate of exchange.
- c) Payment of third party suppliers (i.e. the fuel company, the catere, etc.) must be separately arranged with those companies.

REMARKS:

- 1) *The aircraft weight, expressed in metric tons, is the maximum take-off weight (MTOW) resulting from the flight certificate. Fractions of ton are rounded up to the upper unit.*
- 2) *The above information is general. Details on airport services and/or operations not specified herein will be provided upon request.*
